How to support indie bookstores all year round

1. SHOP AT INDEPENDENT BOOKSTORES FIRST

Whether you buy books in-store or online, your local indie bookstore is ready to serve you. If you are concerned about price, know that indie bookstores do not mark up books. They sell books at the publisher's suggested retail price.

2. PLACE PRE-ORDERS FOR FORTHCOMING BOOKS VIA AN INDIE BOOKSTORE

The best thing you can do to support a new book you're looking forward to reading is pre-order it via an indie bookstore before it is published. It supports the author, the publisher, and the bookstore and indicates which books consumers want to buy.

3. SHOP AT [BOOKSHOP.ORG](https://www.bookshop.org) SECOND

Bookshop is an online bookstore founded explicitly to support indie bookstores and give digital outlets a socially conscious option to link to for book sales. Use Bookshop's store finder to link your sale to your preferred indie bookstore and they'll share in the profit from your order.

4. DON'T BUY BOOKS ON AMAZON

To Amazon, books are hostages. They dramatically discount books way under the publisher's suggested resale price, which creates an attractive place to buy other stuff sold at high profit margins. This model undermines authors, publishers, indie bookstores, and local communities.

5. BUY E-BOOKS FROM INDEPENDENT STORES

Ditch the Kindle, which only lets you read content you bought on Amazon, for a different e-reader, and then you are free to purchase wherever you'd like. For e-books, try Glose or Fable.

6. BUY AUDIOBOOKS VIA [LIBRO.FM](https://www.libro.fm)

Libro.fm makes it possible for readers to buy audiobooks from their local, independent bookstore of choice. Use Libro.fm's store finder to link your sale to your preferred indie bookstore and they'll share in the profit from your order.
